

GOEBEL SOCCER COMPLEX

by  VECTREN

CITY OF EVANSVILLE

MAYOR JONATHAN WEINZAPFEL

This soccer complex is named for the former Vectren CEO Andy Goebel. The Vectren Corporation, who was instrumental in acquiring the land for the City of Evansville and the Evansville Parks and Recreation Department, wished to honor Andy and the Goebel family for their contributions to youth sport and the Evansville community. For rental information contact the Complex Manager at 812-867-1703 or the Evansville Parks and Recreation at 812-435-6141.

The playing surface on Field 1 is Astroplay. It looks like grass and has a sand and crumb rubber fill. This is the only recreational facility in the state of Indiana to have this surface. It is state of the art for soccer and is found on many college and professional facilities in the US and in Europe.
